Floor / Fire Warden

FETS
FIRE & EMERGENCY TRAINING SOLUTIONS

Overview

When an emergency such as fire, earthquake of flooding occur in your workplace the people most likely to be relied on will be the Building and Floor Wardens.

The ability of these personnel to respond decisively and appropriately can make all the difference to how people react in an emergency.

Our course's primary objective is to ensure wardens are aware of their responsibilities and how to safely and effectively evacuate their designated areas.

We also cover issues which may arise and how circumstances change, from a fire situation to an earthquake scenario.

We train in your workplace integrating your policies and procedures into the course content.
